

BLAST-IT

DESCRIPTION

Blast-It is an industrial strength; water soluble, nonflammable butyl solvent detergent degreaser, which incorporates, advanced concepts in chemical soil removal. It will effectively remove a wide variety of soils common to industrial, institutional and commercial facilities including accumulations of grease, oil, dirt, soot, smoke, food, and light rust stains. Blast-It handles grease and grime with quick ease while assuring the removal of build-up not cleaned by normal cleaning procedures. At full strength Blast-It will strip paint on most surfaces and allow for easy removal. Diluted to proper ratios, Blast-It is safe on most surfaces.

INSTRUCTIONS

When cleaning heavy grease and grime from engines, metal, floors or equipment where paint removal is wanted Blast-It should be used at full strength. When cleaning heavy grease and grime from engines, metal, floors or equipment where paint removal is not desired Blast-It should be first diluted with water. Refer to label for proper dilutions. Blast-It may be diluted up to 200-1 for light duty jobs such as cleaning walls and floors or presoaking parts. When using Blast-It, make sure entire area is covered by water to insure complete contact with solution. Do not allow this product to dry on glass, plastic or soft metals to prevent possible etching or pitting. Rinse these surfaces. Care should be taken to test a small area prior to use for desired results.

FEATURES

- Works well on all surfaces
- Safe to use on painted surfaces and soft metals
- Works equally well in all types of water regardless of hardness

SPECIFICATIONS

Appearance:	Blue Liquid	Biodegradable:	Yes
Odor:	Sweet	USDA Approval:	Yes
Specific gravity:	1.06	Detergency:	Excellent
pH:	11.5-12.5
