

## Phenol Disinfectant

4385160

Net wt 15.5 oz (439 g)

EPA No. 498-134

Champion Sprayon® Phenol Disinfectant precleans or decontaminates critical or semi-critical medical devices prior to sterilization or high-level disinfection. Kills the pandemic 2009 H1N1 influenza A virus on hard, nonporous, inanimate surfaces, and kills viruses such as Influenza A (H1N1) ATCC VR-95, Influenza B/(H<sub>2</sub>N<sub>2</sub>)(ARUP), Herpes Simplex I and Herpes Simplex II on inanimate surfaces. Also kills HIV-1 (AIDS Virus) on precleaned environmental surfaces/objects previously soiled with blood and body fluids. This is an effective germicidal that kills Staphylococcus aureus, Salmonella enterica, Pseudomonas aeruginosa, Streptococcus pyogenes, Mycobacterium bovis (BCG/TB bacterium), Vancomycin-resistant Enterococcus faecalis (VRE) and Methicillin-resistant Staphylococcus aureus (MRSA). It also kills fungi such as Trichophyton mentagrophytes (athlete's foot). Controls mold and mildew on hard surfaces.

- Phenolic spray disinfectant, hospital-type formula
- Disinfects: Kills 100% of germs in 10 minutes
- Kills HIV-1 on precleaned environmental surfaces/objects previously soiled with blood and body fluids
- **Kills the pandemic 2009 H1N1 influenza A virus on hard, nonporous, inanimate surfaces**
- Controls mold and mildew; eliminates odors

### RECOMMENDED USES

Use to disinfect inanimate environmental surfaces such as urinals, toilet seats, washbowls, shower stalls, telephones, empty hampers, diaper pails, athletic equipment, light switches, garbage cans, lockers and under sinks in homes. It's formulated for hospitals, schools, hotels, motels, offices, restaurants, locker and rest rooms, factories, institutions, kitchens, sickrooms, pet areas and other places where odor-causing germs are a problem.
