Mint Fragrance!

Improved Formula!

Harvard's New and Improved Cream Cleanser is a unique formulation of active cleaning agents and mild abrasives for use on hard surfaces in bathrooms, kitchens, and other household and institutional surfaces. Special detergents and abrasives act quickly to dissolve away grease, grime, dirt, soap, scum, mold & mildew and other filth commonly associated with tubs, showers, sinks, tiles, and grout. Will not harm drains or pipes. Contains no harsh abrasives.

Cleans polishes and Scours without effort the following:

- SINKS
- BATHTUBS
- WASH BOWLS
- CERAMIC TILE
- TOILETS
- CHROME
- STAINLESS STEEL
- BRASS
- POTS AND PANS
