

Deep Down Clean

Enzymatic Floor Cleaner

DESCRIPTION

This product is a powerful enzymatic cleaner designed for industrial and commercial applications. It is perfect for removing food splatters, greasy build up and general soil from all hard surfaces. This pleasantly scented cleaner is safe for use on all surfaces not affected by water. Deep Down Clean cleans and leaves a long lasting fresh scent with no residue left on the surface. This product will digest the remaining fat and grease off the floors and decreases the slip/fall incidents, also will keep the drains open and reduce the foul odors coming off of drains.

INSTRUCTIONS

Floors and kitchen, mix 4 -6 oz. of product with one gallon of water to remove oil, grease and grime. Bathrooms and walls pour Deep Down Clean on sponge or cloth to clean the whole bathroom, pour into bowl to clean and deodorize
