Introducing

Gladiator[™]
Rodenticides

From AGRISEL USA INC.

A New Generation of Rodenticides

**Highly effective rodenticides
 for home, garden, nursery &
 agricultural markets.**

New Neurotoxin Pellets and Bait Blocks

Agrisel GLADIATOR RODENTICIDES are formulated with a new, non-resistant bromethalin-based ingredient and based on a proprietary grain formula that is highly palatable to rats and mice.

Only GLADIATOR offers fast, effective control of rats and mice. The low usage rate means more economical rodent control.

KEY PRODUCT BENEFITS

- Fast and effective kill of rats and mice
- Highly palatable with no resistance
- No secondary kill of other animals
- Low dosage rate
- Economical to use
- Conveniently sized for nursery use
