

SAFETY ACID CLEANER

DESCRIPTION

Safety Acid Cleaner is a highly versatile blend of acidic and chelating agents for efficient and safe cleaning of variety of surfaces, such as concrete (Pre-cast , exposed , block , pavement), masonry, tile (glazed and unglazed). It will also remove excess mortar, efflorescence, light to medium rust stains and surface soiling and atmospheric dirt.

INSTRUCTIONS

Pre wet the surface

Dilute with 2-3 parts of water depending on the soil build-up.

Apply with masonry brush or low-pressure sprayer (Max. 50 psi) *from bottom up*.

Wait about 5 minutes, reapply if necessary. High-pressure rinse *from bottom up*.

Limitation: Safe on glass.

FEATURES

- Safe on most pigmented concrete and colored mortar
- Improves color uniformity and enhances appearance
- Removes atmospheric dirt and common construction dirt

SPECIFICATIONS
