

Green Floor Finish Stripper GS-170

DESCRIPTION

This product is an environmentally preferred fast penetrating, non-ammoniated, wax and finish remover. This product is designed to remove today's Green Finishes with speed and ease. It is a very effective cleaner when used against oily and greasy soils. This product is recommended for use in areas where no scrub strippers are needed to remove heavy finish buildups, such as in office buildings, supermarkets, industrial plants and doctors offices.

INSTRUCTIONS

When removing heavy wax or finish from floors, use this product at 1 part stripper to 4 parts water. Make sure entire area is covered by water to ensure complete contact with solution. After allowing product to soak for about 10 minutes floor may be mopped or scrubbed to remove finish and stripper, it is not always necessary to rinse after using but for best results with all products, rinsing is recommended prior to applying finish or floor sealers.
