GREEN GLASS CLEANER 10X GG-130

DESCRIPTION

A uniquely formulated Super Concentrate, biodegradable, fast acting **Green** glass cleaning compound developed to penetrate and dissolve dirt and oily stains from glass and mirrors. A special blend of surfactants and wetting agents provide excellent cleaning without streaking. This is a heavy -duty institutional formula, which offers quick cleaning for all types of applications.

INSTRUCTIONS

This product is a highly concentrated cleaner and should be diluted before used. Dilute 1 to 10 for a ready to use product. Spray an even mist onto surface, wipe over entire area and then polish dry. For best results, use lint free towels or cloths. Discard towels or cloths when they become heavily soiled. Sponges may be used for large areas, followed by drying with a squeegee or paper towels.

FEATURES

- Economical - dilutes 10 - 1
- Special blend of surfactants and wetting agents
- Non-streaking
- Biodegradable
- Use for glass and other hard surfaces
